2019 TREE & SHRUB INFORMATION

Our selection of conifers, deciduous trees, fruit and pacs provide food for our wildlife friends, shelter and nesting sites for many birds & small animals.

Conifer Transplants –

Colorado Blue Spruce (*Picea pungens*): Slow/medium growth rate. Full sun. Well drained soil; tolerates many soil types.

Douglas Fir (*Pseudotsuga menziesii*): Medium growth rate. Sun/partial shade. Moist well drained soil.

Fraser Fir (*Abies fraseri*): Medium growth rate. Sun/partial shade, moist to damp but well drained soils. Not suited for clay soil.

Norway Spruce (*Picea abies*): Medium growth rate. Sun/partial shade. Moist well drained soil; tolerates many soil types.

White Cedar (*Thuja occidentalis*): Medium/slow growth rate. Sun/partial shade. Grows best on neutral or slightly alkaline soils, well drained, but not extremely wet or dry sites.

White Pine (*Pinus strobus*): Full sun; can grow 24” per year. Moist well drained soil. Makes a good windbreak.

White Spruce (*Picea glauca*): Conical, medium-sized tree, full sun is ideal. Well drained soils but can tolerate some drought.

Deciduous

American Elderberry (*Sambucus canadensis*): Fast growth rate. Sun/light shade. Needs well drained organic soil. It’s a myth that they can grow on poorly drained, wet soil. Outstanding food value for wildlife.

Eastern Redbud (*Cercis canadensis*): 20-30’ tree, one of the first to flower in spring. Thrives in many soil types.

Sugar Maple (*Acer saccharum*): Slow growth rate. Sun/partial shade and well drained soils. Sap good source for maple syrup.

Tulip Tree (*Liriodendron tulipifera*): Fast growth rate. Sun/partial shade. Moderately moist, deep, well drained soil. Fragrant.

White Oak (*Quercus alba*): Slow/medium growth rate. Sun/well drained soil. Acorns valuable food for wildlife; hard timber.

White Flowering Dogwood (*Cornus florida*): Small flowering tree. Grows best in well drained soils & full sun.

Fruit

Blackberry (*Rubus darrow*): This plant produces large black fruit that is firm, fleshy, and sweet. Blackberry will produce over a long period of time. It is a very hardy and heavy producer. The root systems of this plant have great soil holding capacity.

Blueberry- Jersey mid-July (*Vaccinium*): Vigorous erect bush, medium size, firm, sweet berry. Hardy and drought resistant.

Red Raspberry (*Rubus latham*): 3-5’ Dark green foliage on an upright bush, producing bright berries. Bloom time late spring, fruit begins to ripen in mid-summer. Full sun required.

Conservation Pacs * Native or Naturalized E-early; M-mid; L-late

Evergreen pac: 2 each Blue Spruce, Douglas Fir, White Spruce, Fraser Fir, White Pine.

Fern pac: 2 each Christmas, Cinnamon, *Maidenhair, *New York, Ostrich.

Native Flowering pac: 2 each *Black Chokeberry, *Elderberry, *American Cranberry, *Juneberry, *Buffaloberry

Nut Tree pac: 2 each *Chinquapin Oak, *Black Walnut, *Sawtooth Oak, *Red Oak, *Pin Oak

Perennial Flower pac: 2 each (E-M) Dream Baby & Frances Fay Daylily, (E) Blue King & Snow Queen Iris, (L) Autumn Joy Sedum.

Pond Habitat Pac: 2 each *Red Osier Dogwood, Buttonbush, *Ninebark, Hybrid Willow, *River Birch.

Shade Tree Pac: 2 each *Sycamore, *Red maple, *Hybrid Poplar, *Silver Maple, *River Birch.

OCRRA Premium Compost: Each bag of compost is 1 cubic foot (approx. 40 lbs.) and is locally produced by OCRRA.

PLEASE NOTE & READ CAREFULLY

- **The District is not responsible for the success or failure of your plantings, nor size of the product.**
- **The District is not responsible for plantings once they leave the area after pick-up.**
- Trees are **bare-root stock and sold for conservation purposes only.** Sizes subject to change based on availability from the nursery.
- **No refunds** will be given for orders not picked up. We recommend that early pick up of stock and same day planting will help ensure survivability. If you can’t do this, heel the plants immediately into the ground for a short duration. Storing plants in a bucket of water is not recommended, plants will drown.
- **The District will refund money** for stock that is unavailable and **only if substitutions cannot be made.**

**REMEMBER TO PICK UP YOUR ORDER ON THURSDAY, MAY 2ND
ALL DAY FROM 8:30 A.M. TO 6:00 P.M. AT THE SALT MUSEUM
INSIDE ONONDAGA LAKE PARK, LIVERPOOL, NY**

**Please mail your order with payment to:
Onondaga County SWCD, 6680 Onondaga Lake Pkwy, Liverpool, NY 13088**
